

5 Reasons To Choose Hoosier Window Technologies For Window Film

1) Experience

Few companies have more experience with window film than Hoosier Window Technologies. We've done installations that require 40 ft. ladders, scaffolding and scissor lifts, and we've done interior and exterior installations. Window sizes from less than one square foot to over 100.

2) Quality

Quality Products, AND Quality Installation. There's nothing more frustrating than a high quality product installed in a substandard way. Hoosier Window Technologies will perform an installation that's second to none; our work will be clean, without jagged edges and other unsightly flaws.

3) Professionalism

We'll show up when we say we will, and we'll be quiet, discreet, and efficient. We'll smell good and look clean and well arranged. We won't use foul language or loud voices. We're insured, and equipped for the job or we won't take it on.

4) Honesty

No dishonest sales tactics. No false promises. We'll accurately explain the benefits and warranties of our products without a too good to be true explanation. We won't exaggerate warranty or technology explanations like many businesses in our industry do.

5) Value

No Overhyped products that are over priced and don't offer more for YOUR money. We don't believe in being "cheap," but our goal is to use the best product for your needs and budget.
